

Mrs. Mary E. Stubblefield
Grand Chain
Illinois

1065- 11th St.

Boulder, Col.

My dear Mary,

I received
your letter today and
the card last week.
Both had been for-
warded from Colorado
Spring.

Needless to say I was
glad to get both as a
letter looks mighty
good when you are so
far from home.

I must tell you how
much I enjoyed my
visit with you. You
were all so very good
to take me around.
I was glad to have

a little ice and snow too.
I had another very beautiful drive from Colorado Springs also. The distance was 120 miles and we were gone all day.

I have found a very good boarding place here in Boulder. There are five other students here. One is from Tennessee, two from Chicago, and one from Mayfield, Kentucky. She tells me that is about 18 miles from Paducah. I have met a teacher from Cairo, Ill. also.

I am spending from

the opportunity to spend
so much time with you.

I had a rather hard
trip after I left you at
Metropolis. The weather
was very hot and after
two nights on the train
I was pretty well ex-
hausted.

I remained five days
in Colorado Springs. While
there I took a trip to
the summit of Pike's
Peak. The temperature
up there was 42° - not
so very low but because
of the sudden change
every one was nearly
frozen. There was quite

eight to ten hours a day working but I take Saturday days off for trips into the mountains. We had a very long one last week and saw some marvelous scenery. We visited the grave of Buffalo Bill on Lookout Mt. just outside of Denver.

Please remember me to your father and thank him and Mrs. Parker for their hospitality - also Mrs. Stubblefield and Eunice (I don't remember her last name). Tell Cina not to go too often to the Holy Rollers. Tell Vera and Howard to be good children. I am glad James Norton is doing so well.

With regards to Louie and love to you
Aunt Carrie
