

my Dear Grand dau
we are all anxiously an
the time when we will have
you with us every time
any of the children come
home they want to know
when you are coming
I think it will be nice for
you if your brother
will come along for he will
be company for you and
also a help with the labo.
your Aunt Carrie expects
to come home about the
first of July
Farmers here are just
beginning to cut hay
so you see you are a little

my scason and I
 think you have them
 there your Uncle John will
 be here over the 4th
 Mary I will not rate much
 now for we can talk things
 over better than we can
 write I dont think you
 need be afraid to come
 so far from home where
 you ^{are} coming, among friends
 remember your mother took the
 same journey all on one wheel
 she was your age and
 she had no trouble
 with love

From your loving
 Grand mother Mary Board
