FRANCES FAIRLINE (LOVEN) BIGLEY is a major contributor to this compilation. Her mother had organized
the "Little Reunions" in Massac Co., IL. After her mother's death, Fairline took over and organized them until her
brother, Byron's death in 1979. Fairline and her husband had no children. She is a member of the Boaz

Congregational Church and has attended many "Little" family reunions. She was admitted to NSDAR April 24, 1993 from records proving her ancestor WILLIAM COPELAND fought in the American Revolution. She has served as Historian since 1994 for Ft. Massac Chapter 5-043, Metropolis, IL. Fairline received her husband's 50-year membership pin from Brookport Farmers Lodge after his death. Her biography: "I was born and raised on a farm near Boaz, IL, attended Lower Anderson Grade School and Joppa Community High School. Times were hard during the depression and our parents were not financially able to send us to college. We had plenty to eat as we raised vegetables, fruit trees, chickens to butcher in the summer and hogs for winter. We had plenty of milk, cream, butter and eggs to use and sold the surplus to buy staples which we could not raise. We worked hard together and played together.

After graduating from high school, I desired to get a good job in a larger city with plans to attend college later. My brothers both went to the Army. My parents were aging and needed care, so I found employment locally with Agricultural Adjustment Agency (AAA) office which later became ASCS-USDA.

On 27th of November, 1952, J.H. Bigley and I were married and lived on his parents farm for 7 years before moving to Metropolis to be nearer to my employment and my parents. The address here was RR #1. He worked as a Millwright on Construction jobs and raised cattle as long as his health permitted. Then he rented the farm to share-croppers.

I retired in 1973 from ASCS-USDA after working 29 years and 10 months. I missed working and returned to work as Office Clerk for a propane company until 1984. Away from work, I enjoyed the outdoors, gardening and touring. In 1964, my husband and I attended the New York World's Fair, also the World's Fair in Canada in 1968 and World's Fair in Knoxville, TN in July 1982. I have toured Hawaii and the Holy Land. The Holy Land tour included the countries of Ireland, Greece, Egypt, Lebanon, Jordan, Israel, Syria, Turkey and Denmark. In 1969, we toured the southern States, including Florida and Louisiana. Also, I toured Mexico in 1967 and in September 1988, I took a tour of the inside passage of Alaska. Then, in July 1992, I took a tour of Europe which included the countries of England, France, Switzerland, Austria, Italy, Germany and the Netherlands.

Our family was very close and very caring which was great until all passed away and I was the only one left."

613. BURRELL EVERETT⁷ LITTLE (FRED⁶, BURL MARTIN⁵, OLIVER PERRY⁴, SARAH (SALLY)³ COPELAND, WILLIAM², DAVID¹) was born August 04, 1914 in Karnak, Pulaski Co., IL. He married MARIE AMELIA ULRICH August 12, 1935 in Cairo, Alexander Co., IL and died 5 May 1997 at Magnolia Manor, Metropolis, IL. He was a member of the Catholic Church

and was buried at St. Catherine Cemetery in Grand Chain, IL. Marie was born Aug. 13, 1916 in Levings, IL. She and Burrell were living 1994 in Grand Chain, IL. He attended schools in Karnak, IL. He was graduated from Karnak High School in 1933. In 1935 he purchased a new Advance Rumley "6" tractor and Rumley threshing machine. It was the first tractor equipped with rubber tires in Pulaski Co. At the start of World War II he was an oil and gas distributor for Home Oil Company of Marion, IL. Then he went to St. Louis where he attended Brayton Flying School. Later he worked for American Airlines and Douglas Aircraft in Chicago as a flight mechanic. Following the war, he worked in Aurora, IL as an auto mechanic, then moved to Grand Chain where his family has lived since. In Southern Illinois he worked as an auto mechanic at Hughes and Waite Plymouth Chrysler agency at Cairo, at Prindle's Garage in Mounds, and then at Calvin Watson's General Motors Garage in Cairo. He worked at Watson's for 22 years before his retirement in 1980. While employed, he attended a number of special air-conditioning schools in St. Louis and Memphis, but in addition to that specialty, he also gained great respect as an excellent general mechanic. After his retirement he enjoyed the hobby of growing fruits, nuts, vegetables and flowers at his home one mile east of Grand Chain.

Marie was born on a farm two and one-half miles northwest of Levings, IL. She attended schools in Grand Chain, graduating from Grand Chain High School in 1935. After the family's two children were grown, Marie attended Shawnee College as a part-time student, participated for two years in the Continuing Education Program at Southern Illinois University in Carbondale, and also did some work at Paducah Community College in Kentucky. She worked for the Grand Chain Tax Service and also was bookkeeper for Vaughn Dennis's Garage in Grand Chain. In her career as a housewife, she enjoys a well-deserved reputation as a pastry chef, being especially famous for her pies, cakes and homemade bread - as any of her family and friends will verify. Marie was a member of the Catholic Church and was the daughter of Alex and Regina (Schoenborn) Ulrich.

15, 1888 in Rector, Clay Co., AR, and died November 16, 1943 in Broadview Heights, Cuyahoga Co., OH. He married LUCILLE SWANNER in MO. Lucille was born 1895 and died ca 1976 in Warren, Trumbull Co., OH. Before living in Warren, she lived in Minneapolis, MN. She worked for Bev-Ron Publishing Co., Kansas City, MO pre 1967. When her son, Jack Paul Williams was found in 1993, he said that she stayed in Warren, OH after her husband, Otto died. She is buried there, rather than in St. Louis with Otto. Otto died of Heart Disease and was buried at Memorial Park Cemetery, 5200 Lucas-Hunt Rd., St. Louis, MO 63121. He had, for many years, been a Finance Officer for the Veterans Administration. Otto was considered very intelligent. He graduated from a Business College and taught school before enlisting in the U.S. Navy during World War I. He also served in WWII. During 1921, he resided in Lake Forest, IL. In 1936 he lived in Des Moines, IA. His address there was 1545 46th Street. One of his first jobs was as a bookkeeper in a factory.

Otto registered for the Draft of World War I on June 5, 1917 in Chillicothe, MO, 1st Precinct of Livingston Co. His draft number was 116 and it was signed by J.D. Rice.

Very early in life Otto worked in his uncle, Ned Namon Rice's, hardware store. Mr. Rice had his own whiskey in the basement of the hardware store and the teenagers got into it. Otto would be brought home and his cousin Bland slept it off in the store. Mrs. Rice (Dora Beidler) complained that Otto was a bad influence on Bland. Otto then left town and went to business school in Chillicothe, MO.

Otto described his work in a letter from Des Moines, Iowa to his brother, Louis on Dec. 29, 1936: "Well, I suppose I might put in a little news about myself since it will not cost me any additional postage. I don't remember just when I wrote you last so don't know just what would be news. I am still Finance Officer for the State of Iowa with the Veterans Administration. I believe we have a new hospital since I wrote you. We have a 300 bed hospital and the administrative office and hospital are combined. We are located just inside of the city limits northwest of town on a beautiful 33 acre plot of ground. We have 275 employees all together and occupy eleven buildings consisting of the hospital, administration building, dining room and kitchen, recreation building, power house, warehouse, laundry, garage, nurses home and doctor's quarters, all new brick structures. About the time we moved out here I had been in bad health for some time and my doctor sent me to the hospital for diagnosis. He thought I had stomach ulcers. After a week in the hospital, they found it was gall bladder trouble so they took out my gall bladder and picked up the appendix on the way out. I got along fine and was about ready to go home when I took pneumonia. That almost finished me. For a week they would allow nobody to see me and the nurse was with me all the time, but the doctor finally pulled me through. I was in the hospital six weeks and in bed at home two weeks before going back to work. I

629. LOUIS LEONARD⁷ WILLIAMS (ALICE MAE⁶ BEIDLER, SARAH E.⁵ SUMMERS, SARAH⁴ LITTLE, SARAH (SALLY)³ COPELAND, WILLIAM², DAVID¹) was born February 02, 1898 in Rector, Clay Co., AR (Source: Birth Certificate from Rector, AR; Proof letter by brother, Otto.), and died July 10, 1978 in Flint, Genesee Co., MI (Source: Death Certificate from Flint, MI). He married MARY (MAYME) MADDEN September 19, 1921 in Merrill, Saginaw Co., MI, daughter of William Madden and Margaret Alice O'Toole of Merrill, MI. Louis died of Heart Disease. Both were buried at Flint Memorial Park Cemetery, Flint, MI. Mary (Mayme) was born Aug. 13, 1900 in Merrill, Saginaw Co., MI and died Aug. 24, 1986 in Flint, Genesee Co., MI.

Louis lived most of his married life at 612 Pettibone Ave., Flint, MI. He was born in Rector, Arkansas, but moved to Campbell, Dunklin Co., Missouri before he was age two. His father had died of pneumonia while he was a very small child, so he never knew his father. As a young man, he was the best baseball pitcher in Campbell, MO. He was 5'11", lean and quick, brown eyes and dark brown hair. His hair was so curly during his youth that his nickname was "Burrhead". One of his favorite games played with about twelve of his young friends was "Lay Low". Two of his best friends were Atchie Walker and Ed Lowndale. The family home was located on the corner of Pine St. and Grand Avenue (Rt. 62) in Campbell, MO. His personality was very outgoing and he loved to joke with people. He would have made a very good comedian. His son, Elton Louis, has the same personality and greatly resembles him. Elton was named after one of Louis' friends in Campbell.

These are the words of Louis, himself, describing his life and written about 1970. "When I think back to the days of my youth, there are only two major regrets that I have. One, that I didn't get the education I should have. And, for that I blame no one but myself. The other - I regret that I didn't do enough for my mother. She was a wonderful person and had a very hard time raising our family. She didn't receive all the good things of life which she fully deserved. And, for that I'm sorry.

My boyhood was during the "horse and buggy" days. Automobiles were as scarce as hens teeth. In fact the first car I ever rode in was a two-cylinder Brush owned by my cousin, Bland Rice. We used it later for fishing trips. I lived in a town called Campbell which had a population of about 3,000 people. The only transportation people had in those days was "ride a horse" or "drive a horse and buggy" so naturally they had to have some place to keep their horse. That is why there were many barns or sheds throughout the town - just like you would see on a farm. Although we didn't have a horse, we did have one of those barns on the back of our property. Mother used it for raising chickens and a pig or two now and then to fatten up for meat. But, being a boy, the hayloft is what took my eye, so I started raising pigeons. I kept them penned in for a few months then opened it up and let them come and go as they pleased. They multiplied very fast. At one time I counted over 150 pigeons. I used to go out in the back yard with some feed and call them just like chickens. They would swarm down on me and lite on my shoulders and head. They weren't scared of me at all. One incident that I remember - There was a carnival in town and it had a side show of reptiles. They had snakes from six to twelve feet long. The manager sent word he wanted to see me. That made me feel pretty important, so I rushed over to see what he wanted. He asked me to sell him some pigeons to feed the snakes, so I agreed. I took quite a few in a gunny sack and went back to the carnival. He said, "How would you like to see me feed the snakes?" I said "sure". This was before the show opened. He took me inside a tent. It wasn't very light inside - sort of like twilight. He took four or five of those big snakes and put them down on the ground and let them crawl around. He would take a pigeon, hold its wings down and hold it out to the snakes. They swallowed those pigeons whole and alive. To top it all off, he picked up a snake about seven feet long and draped it over my shoulders. Well, you can be sure that was enough for me, so I got out of there as soon as possible.

We had a very good school. It went from first through twelve grades, but it had no kindergarten. Kids came in from all around the countryside to go to school in Campbell. I foolishly quit school in the eleventh grade to go to work so didn't get my High School diploma. Our superintendent was Mr. F.W. Snider. The children called him F.W. The principal was Mr. Morris. There were about ten other teachers. High school was divided into two literary societies. One was called Jefferson and the other was called Benton. They would meet once a week and assign different members to entertain - such as sing a song, play an instrument or tell jokes. I belonged to the Jefferson group and served as its president for one year. I was always very proud of that. Yes, I was very athletic in my school days and was in everything going on that included baseball, basketball and track. The school wouldn't let us play football. I guess they were afraid their little darlings would get hurt. I was a pitcher in baseball and rated a very good one.

The first job I had as a child I shined shoes and kept the pretty well for a kid. The they made bricks. My job was supply all the dry sand the astronomical sum of ten fifteen cents. I worked as needed me. I also worked for business when it was needed. However, this trade didn't garage as a mechanic and next job was as a Shipping first came to Flint, Michigan Imperial Wheel Works. I got homesick and went back home raised a wonderful family up to right now."

Louis Williams retired from Motors Corporation in 1957 years. He had carried his and forth from his home all his "second career" as he "Guard" for the school board to do.

He was a very good husband responsibilities. At about teams because he didn't was was hurt. When his hearing card games such as Pedro a game. After age 50, he had process of having a pace- of 80.

The first job I had as a child was as a Porter in a barber shop. I shined shoes and kept the place cleaned. Money-wise, I did pretty well for a kid. The next job was at a brick mill where they made bricks. My job was to keep a furnace going and to supply all the dry sand the mill needed. For this they paid me the astronomical sum of ten cents per hour. The men received fifteen cents. I worked as a Plumbers Helper off and on as he needed me. I also worked for the Electric Power Co. wiring houses when it was needed. Next, a man taught me the vulcanizing business, so I operated a vulcanizing machine for some time. However, this trade didn't last long, so I went to work in a garage as a mechanic and vulcaniser under Mr. L.H. Hudkins. My next job was as a Shipping Clerk in a wholesale grocery store. I first came to Flint, Michigan in 1917 and went to work at the Imperial Wheel Works. I only worked a few months when I got homesick and went back home. I came back in 1919, met my wife, raised a wonderful family of six children, and that brings me up to right now."

Louis Williams retired from Fisher Body Division of General Motors Corporation in 1957 where he had worked for over 30 years. He had carried his lunch and walked the 5-6 blocks back and forth from his home all those years. After this he started his "second career" as he called it. He was a "Police Crossing Guard" for the school board in Flint, Mich. He wanted something to do.

He was a very good husband and father - very conscious of his responsibilities. At about age 40 he stopped playing ball on the teams because he didn't want to jeopardize his family in case he was hurt. When his hearing began to fail, he stopped playing card games such as Pedro and Poker so he wouldn't hold up the game. After age 50, he had several heart attacks. He was in the process of having a pace-maker inserted when he died at the age of 80.

The highlight of the week in the Louis Williams home was when he read the "Sunday Funnies" to his children. He also cooked breakfast every Sunday when he made his specialty - pancakes. He loved to make a candy called "Penuche" both for his family and as gifts for others. One of his favorite sports was boxing which he taught to his son, Bud. Bud won several boxing matches in the U.S. Navy with the left hook and some of his teachings. At age 60 Louis decided to learn to play Golf. He read several books, then spent a lot of time on the Golf Course with his sons and sons-in-law. He was a very good golfer.

In 1928 Louis built his permanent home at 612 Pettibone Ave., Flint, Michigan. He paid the workers by the hour instead of by the job. The cost was more, but he had a better house, and he lived in it for 50 years. The cost to build it in 1928 was \$4,300. His children sold it in 1987 for \$28,000. The family, as did most others in the United States, had a hard time during the depression years, but managed to survive and keep their home.

On 22 Oct. 1975 Louis had a statement notarized for his daughter, Alice Lucille. It said, "While I can't remember ever seeing my father, I do remember his sister, Delephine E. JACK, whom I knew quite well. It seems my father was adopted by a family named Williams. I have been told my father died in March 1903 in Rector, Arkansas."

Louis registered during the draft for World War I on Sept. 12, 1918 in Kennett, Dunklin Co., MO. His registration certificate was signed by Guy L. Hall. He registered for the draft of World War II on June 25, 1942 at Local Board No. 5 of Genesee County, MI. He was given the classification of III-A. This draft registration was signed by Roy A. Brownell. He appeared to be one of the lucky men - too young for WWI and too old for WWII. His registration at the time of WW I described him as being of medium height, medium build, brown eyes and black hair and no physical defects.

During the time of World War II Louis was an Air Raid Warden for the Flint Council of Defense. His son, Elton Louis, and son-in-law, Jack E. Harney were in the Navy at the time. On 4 Aug. 1961 Louis and his wife, Mary (Mayme), hand wrote their common will which both signed. It said "We wish this to be considered by everyone as the last will of both my wife and myself. Of course if I die first, everything goes to my wife, but if we should both die, then everything is to be divided equally between all our children." After this will was written, they changed their minds and put everything they owned in the names of all their children. At the time of the death of Mary (Mayme) Williams everything was divided equally, saving time, expense and worry. Louis and Mayme would have been proud to see how their wishes were carried out.

In Sept. 1971, an article was in the "Flint Journal" newspaper with a photograph of Louis & Mayme (Madden) Williams. It reads: "Louis L. Williams and his wife, the former Mary Madden, will observe their golden wedding anniversary at a buffet reception starting at 6 p.m. Saturday in the community room at the Bella Vista Mall in Grand Blanc. Mr. & Mrs. Williams have lived in Flint since their marriage, Sept. 19, 1921, at Merrill. Most of these years have been spent at their present address, 612 Pettibone Ave. He is a native of Rector, Arkansas and she was born in Merrill, MI. He retired in 1957 after 30 years as a welder at Fisher Body Plant 1. The couple have six children, 23 grandchildren and three great-grandchildren. The children are Elton, Robert, Jack W., Mrs. Lloyd King and Mrs. Arthur F. Straw, all of Flint, and Mrs. Jack Harney, Washington, D.C."

Mr. Williams was born in Rector, Arkansas, February 4, 1898, and had resided in Flint since 1918. He married the former Mary Madden, Sept. 19, 1921, at Merrill, Mich. He had been employed by Fisher Body Plant 1 for 30 years, retiring in 1957. Surviving are: wife, Mary; 3 daughters, Mrs. Jack (Lucille) Harney of McLean, VA, Mrs. Lloyd (Evelyn) King of Flint and Mrs. Art (Margaret) Straw of Flint; 3 sons and daughters-in-law, Elton (Bud) and Melita Williams of Flint, Robert and Pat Williams of Swartz Creek and Jack and Julie Williams of Burton; 22 grandchildren; 11 great-grandchildren; sister, Mrs. Zora Sparks of Farmington, MO; nieces and nephews." Louis was a member of the Methodist Church and Mary (Mamie) was a member of the Catholic Church. He became a Catholic in order to marry in the Catholic Church, and he was buried as a Catholic.

A history book describes Rector, Arkansas (where Louis was born): Rector, AR was laid out on the St. Louis and Texas Railroad in June 1883 by SouthWest Improvement Co. Soon it had 7 general stores, 3 drug stores, 1 grocery store, 2 saloons, 1 hardware and grocery, 1 harness maker, some work shops, a photograph gallery, a stove factory, 2 saw mills, 2 cotton gins and grist mills, a livery stable, 2 hotels, a meat market, a millinery store, post office, 4 churches, a Masonic Lodge, Odd Fellows, Knights of Honor, a public school, 2 private schools, 4 physicians and a population of over 700 people.

Mary (Mayme) wrote of her life as she remembered it: "I attended Sacred Heart School from first grade through high school. I drove to school in a horse and buggy, or a horse and cutter in the winter time. I also walked many times. It seemed that there was much more snow in those days. (written ca 1976). There were high drifts in the roads, so riding to school was like being on a roller coaster. The roads were never plowed.

My teachers at Sacred Heart School were Sisters' Celestine, Marie and Christina. The friends I remember most are the nine people in my graduating class of 1920. They are Mary Ledinsky, Francis Flannery, Ellen Kohlschmidt, Cecelia Clark, Rachel, Brigetta and Flossie Fleming, Charlie Siler and Laura Hogan. In the early days of school there weren't many sports, but after lunch the children would play Hide-and-go-seek, Drop-the-handkerchief or Kick-the-can. In later years recreation consisted of a baseball game in the vacant field across the road from the school. We also used to watch the Merrill baseball team play.

Five members of my graduating class wanted to teach school the following September, so we all went to Mt. Pleasant College the summer after graduation. I taught every grade at Little Salt School for \$75.00 a month for the following year. I rented a room in a nearby log house.

Most of our trips were on Sundays to nearby relative's homes. We always spent Thanksgiving and Christmas with Uncle Martin and Aunt Mame, either at their house or ours. I spent many school

years staying at their house with my cousin, Renas, as she was an only child.

Every two or three years the circus would come to town and my father would take all of us to see it. That was a big event in our lives. As we grew up, we used to have parties at different homes. We supplied our own music and had dancing and good food. The music was usually a violin and piano. I played the piano. We always went to the Ryan Church picnic held at Pine Lake every year. We also went on sleigh ride parties to other schools. There were about six sleigh loads from our school and my father always drove one of them.

My father ordered a piano from a door-to-door salesman when I was young. After it was delivered from the train station, I took lessons for three years. I played piano in many programs held at school.

We children always worked hard in the garden and in the fields, did housework and helped milk the cows. My father paid us ten cents a row for hoeing in the ten acre field. We always had lots of animals including cows, horses, pigs, dogs, cats, chickens, ducks and turkeys. We made pets of a small calf and a pig. They would follow us all over the farm. When they were full grown, they would frighten us, so we ran when we saw them coming.

I was 19 years old when I graduated from high school, and 21 years old when I was married. In the summers I had worked in Flint, MI for the telephone company. I stayed with relatives, and it was here that I met Louis Williams.

I was ill many times as a child. I had all the children's diseases like measles, mumps, whooping cough and chicken pox. I also had diphtheria. Then our family was quarantined for a month. The neighbors brought us groceries. I was the only one in the family to have it because the doctor gave all of us an antitoxin shot. Two of our neighbors' children died in this epidemic. Many years later, on July 27, 1964, Louis and I were in an automobile accident. The car hit a tree and we were both injured. I was in the hospital for two months with a broken leg, pelvic and internal injuries. Then, on May 17, 1966, my gall bladder was removed which required a long three month recovery. (Ed.-She also required a Pacemaker at age 78).

During World War I, I learned to knit when most of the girls in school knitted sweaters for boys in the service. We were always able to have enough food during this trying time because of living on a farm.

The most difficult time of my life was during "the great depression" from 1929 to 1936. We managed to keep the interest paid on our house and so did not lose it as most other people did. We also received help from the government. We bought our first car in 1923. It lasted about four years. Then, we had no car until 1947.

All of my life I was called at Buick Motor Company, I d copy, that my name was lega and he just laughed. He had and didn't tell anyone he h all of her life thinking my

All of my life I was called Mayme. In 1943, when I went to work at Buick Motor Company, I discovered on a new birth certificate copy, that my name was legally Mary. I asked my father about it and he just laughed. He had been the person to register my birth and didn't tell anyone he had named me Mary. My mother had lived all of her life thinking my name was Yetta Marie."

Mayme and Louis had a gala Fiftieth Wedding Anniversary party on Sept. 19, 1971 with 300 guests attending. They received a message of "Congratulations" from President Richard Nixon along with many other gifts. Their picture was in the Flint Journal Newspaper riding to the party in a 1921 Buick automobile which was built the year they were married. They lived a long and eventful life. They were born in the horse and carriage age and saw many changes from that time on. They have lived through the Industrial age and seen men walk on the moon.

Bland died at Barnes Hospital, St. Louis, MO of a Brain Tumor at age 37. He was buried at Woodlawn Cemetery, Campbell, MO. Bland lived on Monroe St. in Campbell, MO. He was in the Army during WW I at Ft. Bliss, TX. He was a member of the 4-Mile Lodge #212; American Legion and was a 32 degree Mason. He was mentioned on pg. 247 & 294 of "Campbell MO Area History 1800-1900". It says "Bland Rice's family moved to Montana and Oregon during the years after 1904 and returned to Campbell in 1909, when his father formed a partnership known as Rice & Petty Hardware Company. He worked in the store until he volunteered to join the U.S. Army when World War I broke out. While training at Fort Bliss in El Paso, TX, Bland met and married Mary Nation in June 1922. After his return to Campbell, Bland bought the home on Monroe Street and became manager of the hardware store, which was by then Rice Hardware Company, a family corporation. He was part owner of this company. In August of 1930, one of the hottest summers on record and at a time when the country was undergoing the economic collapse of the "Great Depression," Bland died at Barnes Hospital in St. Louis, Missouri of a brain tumor. He was 37. (Page 247 of above shows a photo of Bland in 1922.)

The following are taken from Court Documents at Kennett, Dunklin Co., MO: The will of Bland Rice is as follows: "I, Bland Rice of Campbell, MO being of sound mind and disposing memory, do make, publish and declare this my last will and testament, hereby revoking all former wills by me made. 1-I direct that all of my just debts, my funeral expenses and the expenses of my last sickness be first paid, and if possible out of my personal estate. 2-I give and devise all my real estate and real property of every description and wherever located to my three children, Dora Belle, Fay Mary and Ned Nations Rice their heirs and assigns forever they to share equally, share and share alike. 735. CHARLES ROBERT "BOB"⁸ EVERS (SETH⁷, JOHN R.⁶, CHARLOTTE TEMPLE⁵
COPELAND, ALFRED⁴, JOHN C.³, WILLIAM², DAVID¹) was born July 26, 1916
in Grand Chain, Pulaski Co., IL, and lived in Pulaski Co., IL.
He married May 26, 1946 LUDENE LENTZ in Cypress, IL. She was born
September 28, 1923 in Cypress, Pulaski Co., IL, daughter of Mr.
& Mrs. P.D. Lentz. Charles spent his school years in Karnak
where he lived with his grandfather, John. After high school he
enlisted in the armed forces and was finally stationed in the
Philippines. He was due to return home within a few days when
Hawaii and the Philippines were attacked on December 7, 1941.
Bob saw action at Corregidor. He was on the death march at
Bataan that took the lives of so many military men. After the
death march, the survivors were sent to Japan to work in mines
with little or no food or necessities. He had a friend, Solita,
in the Philippines who got some things to him. There was a
person who bothered him and was always bringing up something
about the Masonic Order. Bob was young and not a Mason, but his
Dad and others he knew were. Eventually the man was satisfied
and he, too, got a few things to Bob that made a difference to
him. After Bob was rescued at the end of the war, he was in a
hospital for a long time in California. He asked his relatives
not to come to see him. When he did return home, one of the
first things he did was to become a Mason. In time he married
Ludene Lentz of Cypress. Their first daughter was named Solita.
Forty years later, Bob still has nightmares at times and can't
tolerate too many people in one place. (from Pulaski Co., IL

HOLMES December 23, 1927 in Mound City, Pulaski Co., IL. They were married by Judge C.S. Miller. Guy was born Sept. 13, 1907 in Cypress, Johnson Co., IL and died March 25, 1969 in Pinckneyville, Perry Co., IL. He was the son of Earnest D. and Emma (Lipe) Holmes. Luta May and Guy were buried at Anderson Cemetery, Boaz, IL. Guy was married 2nd to Ruth Eubanks on March 25, 1969 in Pinckneyville, IL. They had one son, Kenneth William Holmes, born Aug. 1, 1944 in Muncie, IN. He was married to Ann Unknown in Muncie, IN. Luta May was christened 24 Nov. 1922 and converted at Boaz Methodist Church. She was a member of this church and resided at different times in both Massac and Alexander counties, IL. She attended the 1940 "Little" family reunion with two daughters.

Cairo, IL newspaper obituary: "Burned at her home on the Huitt farm two miles northeast of Olive Branch early Thursday afternoon when the fumes exploded as she poured oil from a kerosene can into the kitchen coal stove in rekindling a fire that had gone nearly out, Mrs. Guy Holmes, 30, died at St. Mary's hospital here at 8 o'clock this morning. She had been brought to the hospital late Thursday.

Bonnie Lee, a five-year-old daughter, was trapped in one corner of the kitchen by the fire but was carried to safety by her father who leaped through the flames that had spread across the floor to a window curtain and the walls. Altho Mrs. Holmes was fatally burned herself and in terrible pain, her first thought as she ran up to her husband at the barn, her clothes still on fire after her flight from the house, was of her little daughter that she had remembered was in the kitchen when the explosion occurred. "Bonnie Lee, Save her," she had sobbed and pointed to the house as her husband tore from her body that small part of her clothing that had not already burned off. Holmes dashed through the flames and carried out the child, then hurriedly put out the fire in the room. Outside again, he ran to his automobile to go for help and found that it was on fire inside. Mrs. Holmes, as she ran-a human torch, from the house, had thought of a heavy blanket in the car and tried desperately to wrap this blanket around her, but had only succeeded in setting the blanket and car on fire with her flaming clothing. Then, leaving the car she had run screaming to her husband who was working at the barn.

Holmes managed to extinguish the flames in the automobile sufficiently to speed to the residence of Everett Huitt and still in his own car to follow Huitt in a better car to his home where the wife was quickly helped into the Huitt car and taken to a doctor at Olive Branch, then brought on to the hospital at Cairo. The almost unbelievable thing about the husband's drive for help was that the car remained on fire all the time and the flames were not completely extinguished until he had returned in it to his home after obtaining the help of Mr. Huitt.

Mrs. Holmes was charred from her face to her knees and one side of her face was badly burned, but she retained consciousness at

the hospital until 2 o'clock this morning. She is survived by a small daughter, Essie May, age 7 who fortunately was at school when the accident occurred. Both little girls were at the hospital with their father and relatives when the mother died."

Funeral services were held at Anderson church near Boaz with Wilson funeral directors in charge. Besides her immediate family, Mrs. Holmes was survived by her mother, Mrs. Essie Loven, a half-sister, Fairline Loven and two half-brothers, Byron and Warren. It was estimated that a congregation of 1000 people were in attendance."

He married ZONA GAIL BEGGS May 02, 1959. Richard was the President of the First State Bank of Grand Chain, IL (1988). He says of the Bank, "The bank is still housed in the original bank structure. Even though the building was extensively remodeled in the 1960s it still retains the primitive look of its first beginnings. Much of the bank furniture and fixtures are of oak and are the original pieces which the bank started with. Being a lover of antiques, I stress that as long as I am in the driver's seat, the bank will not be changed. Even though the Bank's competitors all have either new or remodeled buildings, we get many compliments in regard to our old fixtures and atmosphere." The bank did, however, have the only in-house computer system in the area. The bank has been rated as one of the strongest banks in the State of Illinois.

She married (1) RALPH JENNINGS PARKS Sept. 19, 1970 in Norfolk, Chesapeake Co., VA. Ralph Parks was born Oct. 5, 1933 in Coal Creek, TN. He was a Vietnam War veteran. She married (2) PHIL OSBORN Oct. 4, 1987. He was born Nov. 1, 1944. JOHNNIE JEAN (BURKHEAD) PARKS/OSBORN lived in Massac Co., IL until she was eleven years old. She attended many of the LITTLE family reunions every August at Massac State Park in Metropolis. She remembered sitting under the shade trees, filling up on fried chicken, potato salad, lemonade and watermelon. Her family moved to Alaska in 1957. She graduated from high school in Homer, AK. In 1963 she went on to Oregon State and University of Oregon for her B.S. in Nursing. She went home in 1967 and spent two years as an itinerant public health nurse in 14 Eskimo Villages near the Bering Sea. That was an experience she will never forget. Then she made a daring move - she drove 5643 miles to Miami, FL to see the land of sunshine and blue sea. Thereafter, she met her husband, Ralph, in Puerto Rico. He was in the U.S. Navy. They later married in Norfolk, VA. From there they were transferred to Naples, Italy for three years and loved it. A baby girl was born in Pazzuoli, Italy in 1971. From there they moved to Texas and California. Their second daughter was born in San Diego, CA in 1975. In late 1975, her husband, Ralph Parks, retired and they came back North. So after 6 years of wandering, they had returned.

Johnnie and Ralph separated in 1977 and divorced in 1980. He returned to Tennessee, his home. To Johnnie, Massac Co., IL will always be home, but she and her daughters continue to live in Homer, Alaska. (1994)

Jack was born June 12, 1922 in Merville, Woodbury Co., IA and died Sept. 9, 1995 in McLean, Fairfax Co., VA. He is buried at National Memorial Park Cemetery, Falls Church, VA in the Dogwood Section of Floral Gardens, lot #812. Lucille resided at 8735 Brook Rd., McLean, VA from 1957, and was a Secretary for Central Intelligence Agency, Federal Government, Washington, DC for 18 years. In later years she was a Certified Genealogist. She was born at 515 Frost Street, Flint, MI where her parents kept roomers and boarders. One of these was Mr. Brack. He was responsible for calling her Lucille and her first sister, "Sis". At the age of 5, the family moved to their new home at 612 Pettibone Ave. The house was built to order at the cost of \$3,000.00. The first telephone was put into the house by Lucille during the year 1939 and it was her obligation to pay the costs until the time she left home.

of Civil Engineering at Tri-State College, Angola, IN and
Northern VA Community College, Fairfax, VA. He served three
years in the U.S. Navy as an Electronics Technician aboard a
Patrol Craft during WW II. He died from two terminal diseases:
Pulmonary Fibrosis and Cirrhosis of the Liver.

His biographical notes: "Shortly after my birth on June 12, 1922
in Merville, Iowa, a flood occured on the stream that flowed
through the village. My mother and I were first taken to the
second floor, but when the water reached that floor, we were
rescued by boat from a second story bedroom window. Before I
reached the age of five, we had lived in Merville, Iowa; Dinuba,
California; Canton, South Dakota and finally to Flint, Michigan.
I remember little about this period except for a several-day
train trip from California to South Dakota. My school years were
spent in Flint where I attended Martin, Dewey, Longfellow and
Flint Northern where I graduated in 1940. While in high school,
I played the baritone saxophone in the school band and in the
Groves and Company Funeral Home Band. Also, during this period I
met and dated a young lady by the name of Lucille Williams, who
in 1943 became my wife.

After high school, education continued at General Motors Institute as a co-op student with Chevrolet-Flint. That means that I spent a month going to classes, then a month working at Chevrolet using what I had learned in class. During this college period I played with a dance band directed by Bob Conklin. I should mention that my wife and I met when we were both playing saxophones in a dance band run by Leo Reno. We played mostly for high school dances and Polish weddings. Since we had this musical beginning, all of our children became musicians of a sort. Our first two sons, Dave and Don, earned their way through college by playing in their group, "The Apollos". Jim earned his Bachelor's degree in music while collecting many placques and awards as "best musician". He worked later as Music Supervisor for Busch Gardens Theme Park in Williamsburg, VA.

After graduation in 1944, I was drafted into the U.S. Navy and became an Electronics Technicians Mate, third class. This was the time when radar first became known and part of my job in the Navy was working with radar. Discharge came in March of 1946 after having been on a P.C. boat and visiting Okinawa, the Philippines and China. Part of our routine there was clearing the harbors of unexploded depth charges after the Peace Treaty at the end of World War II.

Upon my return home to Flint, Michigan, we bought three acres of land on Jennings Road north of Flint. We built a small home, but left for East Lansing, MI after we decided more college was necessary. I completed requirements for a Bachelor's and Master's degree in Civil Engineering by 1949 while teaching part time as an instructor in the Engineering school. My first Assistant Professorship was with Tri-State College in Angola, IN where I taught for three years.

At this time, we made a permanent move to the Washington, DC area where my career was with the Central Intelligence Agency. We all lived for five years in the Far East, mostly on Okinawa and the Philippines. After our return to McLean, VA and eventual retirement in 1975, I was with the County of Fairfax, VA as a Construction Contracts officer; then the City of Manassas, VA as the City Engineer, and finally was an Assistant Professor for Northern Virginia Community College (a State system). This variety of government service and private travel provided me with the opportunity of seeing some of the world. These travels have included England, France, Spain, Germany, Italy, Greece and Lebanon in the European area. In the far East, travels included Japan, China (Shanghai), Formosa, Okinawa and the Philippines. After retirement, we boarded the S.S. Rotterdam (while son, Jim, was playing on board) for a trip to visit Curacao, Granada, Barbados, St. Thomas, Martinique and Nassau in the Caribbean."

942. ELTON LOUIS⁸ "BUD" WILLIAMS (LOUIS LEONARD⁷, ALICE MAE⁶ BEIDLER, SARAH E.⁵ SUMMERS, SARAH⁴ LITTLE, SARAH (SALLY)³ COPELAND, WILLIAM², DAVID¹) was born January 21, 1927 in Flint, Genesee Co., MI. He married MELITA CLARA MEIER July 24, 1948 in Flint, Genesee Co., MI. Melita was born Feb. 8, 1925 in Flint, MI. Her occupation was in a jewelry store. Bud was owner and operator of "Bud's Barber Shop" on Fenton Road in Flint, MI. Their residence in 1998 is 1301 Ingleside Ave., Flint, MI 48507.

Bud spent over two years in the U.S. Navy during WWII. The following article was in the Flint Journal newspaper of March 7, 1993: "Flint resident to attend ship's decommissioning. Elton "Bud" Williams will say goodbye to an old friend in a few weeks. His old chum is the oldest ship in the U.S. Navy, the USS Prairie, and it is scheduled to be decommissioned on March 25 and 26 in Long Beach, CA. Williams plans to be there. A lifelong Flint resident who operated Bud's Barbershop on Fenton Road for 38 years, Williams served for two years on the USS Prairie from 1944 to 1946 during World War II. The ship was responsible for repairing and supplying battleships in the Pacific during WWII. It also saw action in the Korean War. The ship is nearly 53 years old and is the senior ship in the Navy. It was constructed at a cost of \$5 million. Williams said he was told that if it were built today, it would have a price tag of about \$50 million. As the oldest, it is the only ship allowed to fly the Navy Jack flag featuring a rattlesnake and the words "Don't Tread Upon Me." The 530-foot-long Prairie was commissioned in 1940 and was quickly put into action against the Japanese near the Marshall and Caroline islands. A total of 1,800 men were stationed on the ship during the war. Williams, who served as a gunner's mate, said the ship never sustained damage during the war, despite a few close calls. On one occasion, a Japanese Kamikaze pilot missed the ship and struck a nearby island.

Whenever there was an attack, Williams said, nearby destroyers would circle and protect the Prairie. Williams, who enlisted at age 17, said there often were long periods of boredom aboard the ship. To relieve it, the crew staged "boxing smokers" in which the men fought in tournaments against sailors on ships. "It was the only thing that kept us from going stir-crazy," Williams said. After the war, Williams returned to the south side of Flint where he grew up and opened his barber shop. He and his wife, Melita, have three children: Janice, Jay and Tom, and four grandchildren."

"Bud's" Draft card for World War II was signed by Arthur W. Roby on May 10, 1946 in Flint, MI. He was described on the reverse side of the card as white, blue eyes, black hair and ruddy complexion. He was 5' 8" and weighed 160 lbs. His address at the time of registration was 612 Pettibone Ave., Flint, MI.

An article in "Advance" dated Sept. 1993: "Local men head for Baltic country - Traveling to the Baltic country of Latvia is the last thing Tom Williams thought he would be doing, until his wife handed him a church flier and told him to think about it. "I wasn't in church that day, but my wife brought home a flier about the call for volunteers to travel to Latvia on a church mission," said Williams. It didn't take much persuasion. Williams admitted that the area and their struggle with independence from Russia sparked his curiosity. "The part that caught my interest was the location, an area once occupied by the Soviet Union, and how they might be adjusting to their independence," he said. The same held true for Dave Kittel, a retired teacher from Swartz Creek who also made the trip. Williams, from Linden, and Kittel are both members of Peace Lutheran Church in Flint Township. The men were in Riga, Latvia with a group who was going to attempt to fit the people with eye glasses. They arrived there with a load of 1,500 pairs of used eyeglasses." Margaret and her family were in a tragic accident on 10 Dec. 1977. The following report was written in the "Flint Journal" newspaper of Dec. 12, 1977. "Two Flint area residents were among seven persons who died in state traffic fatalities over the weekend. One person was killed and eight injured in a three-car rear-end collision about 6:30 p.m. Saturday on Detroit St. at Carpenter Rd. in Mt. Morris Twp. Icy road conditions contributed to the cause of the accident, according to Mt. Morris Twp. Police. Dead on arrival at McLaren General Hospital was Bruce W. Straw, 14, of 5190 Highwood, Mt. Morris Twp. His parents and sister were injured in the accident. Bruce's father, Arthur F. Straw, 48 the driver of the car, is in satisfactory condition at McLaren. Margaret, 41, Bruce's mother, and his sister, Christine, 10, are in serious condition. Also injured were four of the five occupants of a car driven by Maxine Pollard, 24, of 6705 Cranwood, who was taken to McLaren but didn't require treatment. Treated and released were Ms. Pollard's children, Rana, 3, and Terrell, 2, and Katherine Vincent, 21 of 401 Dewey. Gail E. Flynn, 23 of 802 E. Ruth, also a passenger, wasn't injured. The driver of the third car, Darcy N. Fournier, 58 of 8508 Lewis, Genesee Twp., is in fair condition at St. Joseph Hospital here. A passenger in the Fournier car, John Britt, 17 of 1123 Downey, Mt. Morris Twp., was not injured. Police said the Pollard and Straw cars had stopped at a traffic signal on Detroit at Carpenter when the Straw car was struck from behind by the Fournier car. The Straw car was pushed into the rear of the Pollard car. Fournier was unable to stop on the icy roadway, police said they were told. An investigation is continuing." (The investigation showed that Mr. Fournier had epilepsy and had not taken his medication. As a result of his own carelessness, he blacked out at the wheel of his truck (not a car), and caused the accident.)

called High Ridge. They lived there for seven years. Their sons,
Kevin and Mike were born there. In 1968 they moved back to
Holcomb. Judy's mother was ill and the doctors did not expect
that she would be able to return to work. So, Judy needed to be
located nearby to help care for her. However, her mother did
recover enough to return to work and lived several more very
good years.

Judy worked for the Chevrolet automobile dealer in Kennett, MO
from 1968 until the business closed in 1982. After that, she
went to work for the Social Security Administration. She and her
husband like to go to basketball games and play cards with
friends. In the warmer weather, they do a lot of fishing. Judy
loves to enjoy the outdoors and does not like being inside.

1167. JOAN⁹ ALT (CLEONIA⁸ COULTAS, ELLA (NELLY)⁷ WILLIAMS, ALICE MAE⁶ BEIDLER, SARAH E.⁵ SUMMERS, SARAH⁴ LITTLE, SARAH (SALLY)³ COPELAND, WILLIAM², DAVID¹) was born September 26, 1931. She married RICHARD (DICK) YORK November 17, 1951. Richard was born 1928 in Chicago, Cook Co., IL and died Feb. 21, 1992 in Rockford, IL. Joan was living 1993 on Belding Road, Rockford, MI. Dick played the original part of Darrin Stephens, the husband of Elizabeth Montgomery in the Television program, (1964-1969) "Bewitched". The following appeared in "People" magazine of March 9, 1992. "Dick York of "Bewitched" leaves a legacy of laughter and love - Touched by Magic - His mother-in-law referred to him disdainfully as "Durwood." To his comely witch of a wife, he was the ever malleable "DARE-in." By any name, Dick York, the actor behind harried ad exec, Darrin Stephens in the delightful sitcom "Bewitched" (1964-72), was TV's definitive mere mortal. The first of two Darrins (Dick Sargent took over the role in 1969), York played flustered and helpless as wife (Elizabeth Montgomery) and mother-in-law (Agnes Moorehead) magically rearranged his comfortable suburban reality. "York was Darrin," says Bewitched director, Richard Michaels. "He knew instinctively how to create a character constantly surprised at what was going on around him." But beyond Bewitched's buffoonery, York, who died of emphysema on Feb. 20 at age 63, pursued a different kind of magic. For the past several years, confined by an oxygen machine to his modest two-bedroom cottage in Rockford, Michigan, York used his fame - and his phone - to help the homeless, arranging for the shipment of food and clothing to relief organizations around the U.S. Following a simple Christian ceremony at a funeral home in Rockford, attended by 140 friends and two of York's five children, Joan York, 60, Dick's wife of 40 years, recalled his charitable motto: "He'd say, 'Just look at your fellow man and you'll do what's right.'" The actor's career began in Chicago, where he was performing in radio dramas by age 15. He went on to Broadway (Tea and Sympathy, Bus Stop) and played the accused teacher in the film version of "Inherit the Wind" (1960). But on the set of the 1959 western, "They Came to Cordura", York injured his back. Filming Bewitched, he was in constant pain. He eventually became addicted to pain-killers and left the show in 1969. York quit pain pills cold turkey in 1971, but as his spine continued to degenerate, he became too incapacitated to work in show business again. For a time he and Joan ran an apartment house. Later they depended on welfare. By the time the couple moved to Michigan in the mid-1980s, York had emphysema, the result of years of heavy smoking. "I'm fortunate I still have my voice," he told "People" in 1989. That voice is silent now, but the spirit that animated it will not be forgotten. Says York's son, Matthew, 31: "He was

JOHN LITTLE, JR.

1. JOHN' LITTLE, JR. was born Abt 1790, and died Abt January 03, 1837 in Johnson Co., IL. He married HANNAH COBB Abt 1810 in Montgomery Co., TN. Hannah was born Abt 1790 and died between 1840 and 1850 in Johnson Co., IL. She was the daughter of William and Hannah Cobb. JOHN LITTLE, Jr. was probably a younger brother to Robert Little. They both lived in Montgomery Co., TN on the same road to Vaughn's Mill in 1812. They both served on the Montgomery County jury. It is probable that their father was JOHN LITTLE, Sr. because he was mentioned in the Montgomery Co., TN court minutes at least twice during the time 1806 to 1815, after which he is no longer mentioned. Robert and John, Jr.'s children were born in the same time frame.

John Little, Jr. served on the Montgomery Co., TN jury during the Dec. term of 1806; March 20, 1809; April term of 1812; and April 19, 1815. These records are in the Minutes of the Chancery Court of Pleas and Quarter Sessions: Book 1, pg. 118; Book 2, pg. 149; Book 4, pg. 46, 62; Book 6, pg. 94 for Montgomery Co., TN. Other items mentioned in these books are: Book 1, pg. 29 & 101 (ca 1806/7), A Case of William R. Bell vs Archillas Wells and Amos Bird, called as securities for John Lytle (who failed to appear). It is possible that this John Little was John Little, Sr.; Book 6, pg. 214, John Little, Stephen Thomas and Sterling Neblett appointed Commissioners to settle with administrator of Benjamin Harris, deceased, to make report next court - Jan. 16, 1816.

In 1812 the Montgomery Co., TN Court ordered John Little, Junr. to be appointed to work on the road from Vaughans Mill to Town Creek along with eight others. (Minutes of the Chancery Court of Pleas and Quarter Sessions, Vol. 4, 1812, page 189)

In Book A, pg. 437 of Montgomery Co., TN Wills, it shows "Agreeable to an order of the court to us directed to settle up the estate of Hannah Cobb (now Hannah Little) with Stephen Thomas as guardian. No. 1, John Little receipt in full of his legacy of \$96.00. Oct. 3, 1810. Signed: Barny Duff, J.P. Vaughn, Commissioners."

mark

Taken in presence of Robert Little, John Copeland, George Henson, Sarah Little and James Copeland.

State of Illinois, Johnson Co.--This day personally came the within named witnesses: Robert Little and Sarah Little and made oath to the within will and also that they were called on to witness the same and that they believed him to be of sound mind and memory and the same being made in his last illness -- and James Copeland, also made oath the said will was committed to writing within ten days."

Hannah Cobb was from the following family:

William Cobb, Prob. b. in NC; d. 1803, Montgomery Co., TN.

Mar. Hannah H. Unknown, d. ca 1809, Montgomery Co., TN

Ch: 1-Hannah Cobb, b. ca 1790

2-Charlotte Cobb

3-Elizabeth Cobb

Hannah's father, William Cobb died about Jan. 9, 1804 when his will was proven. His will left all to his wife, Hannah; daughters Elizabeth (a bed), Hannah, Charlotte - property to be divided "among my three (garl) children...after my wife's death." (Book A, p. 168 and 202, Montgomery Co., TN Wills) On July 25, 1803 Stephen Thomas was appointed guardian to Charlotte and Hannah Cobb (Book A, p.202, Montgomery Co., TN Wills). In Oct. 1803 when his Inventory was taken by Stephen Thomas, Executor, it included a note dated Oct. 14, 1802 for \$4.00 in trade to be paid two months after date by John Copeland, and a bond on Epps Broom for 150 acres of land on Buds Creek, dated Dec. 19, 1801. (Book A, p. 205, Wills for Montgomery Co., TN). There is a record of settlement between Stephen Thomas, Guardian for Charlotte and Hannah Cobbs, dated March 7, 1805. (Book A, p.267, Wills for Montgomery Co., TN). Charlotte received \$75.48 and Hannah received \$82.36 from their father's estate. Mentioned was a trip to North Carolina to collect the money. This record proves that Hannah was not yet married to John Little, Jr. In Book A, p. 437, the record shows Hannah is now married to John Little, Jr. dated Oct. 3, 1810. In the minutes for Chancery Court of Pleas and Quarter Sessions for Montgomery Co., TN, the records show: Book 3, p.113, Barney Duff and Joshua P. Vaughan appointed to settle with Stephen Thomas, guardian of Hannah Cobb (now Hannah Little) 15 Oct. 1810; Book 3, p. 120. They return the settlement the next day, 16 Oct. 1810. The wife of William Cobb, Hannah H. Cobb, died about 27 Sept. 1827 when she made out her will. She left something to a friend, James Smith, something to Susanna

Chance and Hannah Smith.

It is this editor's opinion that this "Little" family may be connected to the Orange County, NC family. One interesting fact which may connect these families is that Robert Lytle of Orange County, NC had a furnace and John Little of Montgomery County, TN sold mineral rights to ore. As of 1998, no absolute proof has been found connecting these two families.
